

Honor Roll Reward Program Details

Starting in January 2025, High Trek Adventures (located in Everett, WA) is launching a new program designed specifically for **middle school and high school students** to encourage academic excellence and personal responsibility: the **Honor Roll** and **Stellar Attendance** recognition programs.

This program aims to celebrate teens' dedication to learning and consistent attendance—essential qualities that prepare them for adulthood and future success. Each semester, participating schools will have the opportunity to recognize their students' achievements by issuing **free passes to High Trek Adventures and Game On activities**. Schools may select one of the following focuses:

- **Honor Roll Program:** Celebrate students achieving high academic performance, such as those on the Honor Roll or in Honor Society.
- **Stellar Attendance Program:** Reward students demonstrating perfect attendance.

The program is **designed to require a minimum amount of effort to execute by the school staff**. After enrollment there are only 2 tasks to be completed by the school. The first task is to export a list of the first initial of the students first names and Student ID #'s of the students who achieved the program goal and to submit the file via email or an online form provided. The second responsibility would be to communicate with the students and parents as to where they can go and claim their tickets. We will provide a template paragraph and a link to a website where the students can enter their Student ID number and claim their tickets.

This program will launch as a **semi-annual event**, and we are actively enrolling schools to participate. If your school is interested in being part of this initiative and you are a representative with the authority to enroll your school in this program, please fill out [our application form](#).

We are thrilled to partner with you to inspire and motivate your students. Should you have any questions or require additional information, feel free to reach out to us at info@hightrekeverett.com.

Thank you for your dedication to nurturing and supporting the next generation. We look forward to collaborating with you to make a positive impact on your students' lives.

Technical Details Regarding the Execution of the Program

We will only issue one ticket per a student id.

We will use the first initial and the student id to validate the request for a ticket Voucher.

We will put measures in place to prevent bad actors from trying to claim tickets that are not theirs. We will limit the number of failed attempts per an IP address.

It is our goal to protect your students personal information and that is why we do not collect anything more than the First Initial of the First Name and the Student ID. This information can not be used for any malicious activities.
